EV battery recycling — Europe market diligence

Helix Capital Partners · Sarah Lin · from Project_Brief_EV_Recycling.pdf

✦ AI Project brief

Hide brief

Helix is evaluating an investment in a mid-size European lithium-ion battery recycler. They need 5–8 one-hour calls with former senior operators and industry specialists to validate market size, feedstock supply (black mass), unit economics of hydrometallurgical recovery and the impact of the EU Battery Regulation. First calls requested for the week of 26 Oct.
